Building Strong Families

Children need – and deserve – to feel safe, secure and loved. At The Villages, we recognize that those feelings come from strong family connections. Through our Family Services programs, we partner with families to strengthen bonds and ensure a brighter future for parents and children alike.

The Villages' caring and committed staff works to protect and nurture children by building, maintaining and enhancing a strong family support system. By working with families dedicated to making critical life changes, The Villages can successfully preserve or reunify families according to their unique needs.

Strength Through Services

The Villages strives to strengthen individuals, families and communities through its Family Services program. Our goal is to support biological, adoptive and kinship families in nurturing their children through the following services:

- Individualized supervised visitation services based on the needs of the children and families
- Parenting classes for families whose children are “at risk” for abuse or neglect due to family stressors
- Family, group and individual counseling
- 24-hour crisis assistance and emergency assistance referrals to community resources
- Family assessments that provide strategies and a plan of action for family change
- Homemaking services to help families develop the skills to achieve a series of family goals

- Individualized, comprehensive, community-based services to children and adolescents with serious emotional or behavioral disturbances
- Case management services that may include coordination of phone calls, meetings, and assistance and processing of visits with all parties involved

Making a Referral

You can help The Villages strengthen families by recognizing signs of abuse and understanding when a child or family member needs help. To learn how to make a referral, call The Villages at 1.800.822.4888. You can make a difference by simply making a call!

The Villages

As Indiana's largest not-for-profit child and family services agency, The Villages serves more than 1,200 children and their families each day. Our vision is that every child will flourish in a healthy, nurturing, self-sufficient family.
